

## **Loyalty, Experience, Commitment: BENZ Tooling Honors Numerous Long- Serving Employees**

**At BENZ Tooling's 2025 year-end celebration, employees were honored for 10 to 40 years of service with the company. The event, held at the new BENZ campus in the Kinzigpark in Gengenbach, recognized their valuable contribution to the company's success.**

The event on December 12, 2025, brought together all departments to reflect on the past year and to acknowledge the achievements of long-standing colleagues.

Special recognition was given to Stephan Obert and Josef Hummel for 40 years of service. Klaus Willmann celebrated 35 years with the company, while Hermann Heizmann and Lilli Steinbach have each been part of BENZ Tooling for 30 years. Andreas Schwindt, Oliver Jaglo and Frank Neumaier were honored for 25 years of commitment. Andrea Kreyer, Jürgen Suhm, Getrud Wißmann and Georg Buchholz have each contributed to the company's success for 20 years. Numerous employees also celebrated their ten-year anniversaries, including Jürgen Matt, Ina Medzich, Klaus Krämer, Michael Kohl, Jürgen Schmider, Andreas Jankovic, Sven Bühler, Simon Buß, Enrico Fix, Vanessa Kälble, Sebastian Krämer, Matthias Lischka, Erik Frey and Genoveva Ines García de Pollok.

In his address, Managing Director Jens Held emphasized the great importance of long-term employee loyalty for BENZ Tooling: "For a company, it is of inestimable value to be able to rely on so many experienced and dedicated employees. We are grateful for their loyalty, their commitment, and the enthusiasm with which they help shape our future every day."

The year-end celebration at the new campus combined a festive atmosphere with gratitude and appreciation. It highlighted the importance of experience, continuity, and team spirit, and demonstrated that BENZ Tooling can build on a strong foundation of loyal and highly skilled employees.

### **About BENZ Tooling**

BENZ Tooling is one of the leading system partners in the development and production of CNC units for the metal, wood and composite material processing industry. The sophisticated product portfolio, which is characterized by its recognized high quality, includes static and driven tools, changeable units such as angle heads, multi-spindle drilling heads and high-speed spindles, the modular quick-change systems BENZ Solidfix® and BENZ CAPTO™, broaching units, large drilling heads, motor spindles as well as 2- Axis NC heads. The symbiosis of modern management and creative engineering turned the traditional company with over 300 employees into an innovative growth company.

### **Disclaimer**

This press release contains certain statements relating to the future. Future oriented statements are all those statements that do not pertain to historical facts and events or expressions pertaining to the future such as "believes", "estimates", "assumes", "forecasts", "intend", "may", "will", "should" or similar expressions. Such future-oriented statements are subject to risks and uncertainty since they relate to future events and are based on current assumptions of the Company, which may not occur in the future or may not occur in the anticipated form. The Company points out that such future-oriented statements do not guarantee the future; actual results including the financial position and the profitability of BENZ as well as the development of economic and regulatory framework conditions may deviate significantly (and prove unfavorable) from what is expressly or implicitly assumed or described in these statements. Even if the actual results of BENZ including the financial position and profitability as well as the economic and regulatory framework conditions should coincide with the future-oriented statements in this press release, it cannot be guaranteed that the same will hold true in the future.
